Landscape and Urban Planning, 28 (1994) 260–261
Elsevier Science B.V., Amsterdam

Contents of *Landscape and Urban Planning*, Volume 28

VOL. 28 NO. 1 — FEBRUARY 1994

Special Issue: Wildlife Habitat Conservation: Its Relationship to Biological Diversity and Landscape Sustainability

Wildlife Habitat Conservation: Its Relationship to Biological Diversity and Landscape Sustainability: A National Symposium
J. Rodiek (College Station, TX, USA) and G. DelGiudice (Grand Rapids, MN, USA) 1
Wildlife habitat management on the northern prairie landscape
D.H. Johnson (Jamestown, ND, USA), S.D. Haseltine (Fort Snelling, MN, USA) and L.M. Cowardin (Jamestown, ND, USA) 5
The relationship of wolf recovery to habitat conservation and biodiversity in the northwestern United States
S.H. Fritts, E.E. Bangs (Helena, MT, USA) and J.F. Gore (Washington, DC, USA) 23
Assessing values of Arctic wildlife and habitat subject to potential petroleum development
T.R. McCabe (Fairbanks, AK, USA) 33
Deer and diversity in Allegheny hardwood forests: managing an unlikely challenge
D.S. DeCalesta (Warren, PA, USA) 47
Genetic concepts for habitat conservation: the transfer and maintenance of genetic variation
O.E. Rhodes, Jr. and R.K. Chesser (Aiken, SC, USA) 55
Can we integrate nature conservation with agricultural production?
D.A. Saunders (Midland, W.A., Australia) 63
Nested biotas and biological conservation: metrics, mechanisms, and meaning of nestedness
A.H. Cutler (Chicago, IL, USA) 73
The importance of playa wetlands to biodiversity of the Southern High Plains
D.A. Haukos and L.M. Smith (Lubbock, TX, USA) 83
Optimizing habitat fragmentation: an agrolandscape perspective
G.W. Barrett and J.D. Peles (Oxford, OH, USA) 99

Announcement from the Publisher 107

VOL. 28 NOS. 2–3 — APRIL 1994

Place identity: symbols of self in the urban fabric
R. Bruce Hull IV (Blacksburg, VA, USA), M. Lam and G. Vigo (College Station, TX, USA) 109
Chemical status of soils in four urban riparian plant communities
D.M. Green and J.H. Brock (Tempe, AZ, USA) 121
Topographic constraints to urban land uses in Enugu, Nigeria
G.E.K. Ofomata and J.E. Umeuduji (Nsukka, Nigeria) 129
Population growth beyond the urban fringe: implications for rural land use policy
J.A. LaGro, Jr. (Madison, WI, USA) 143
Arizona River corridor projects: assessment and proposal
J. Fry, E. Averitt and F. Steiner (Tempe, AZ, USA) 159
An assessment of the Verde River Corridor Project in Arizona
E. Averitt, F. Steiner, R. Ammerman Yabes and D. Patten (Tempe, AZ, USA) 161
Riparian evaluation and site assessment in Arizona
J. Fry, F.R. Steiner and D.M. Green (Tempe, AZ, USA) 179

© 1994 Elsevier Science B.V.

A perceptual evaluation of computer-based landscape simulations
K. Oh (Seoul, South Korea) 201
The influence of urbanization on pans on the East Rand (Johannesburg, South Africa)
J.T. Harmse and C.N. Le Grange (Johannesburg, South Africa) 217
Geomorphic and environmental effects of instream gravel mining
G. Mathias Kondolf (Berkeley, CA, USA) 225
Temporal changes of wetlands within an urbanizing agricultural landscape
P.A. Thibault (Phoenix, NY, USA) and W.C. Zipperer (Syracuse, NY, USA) 245

Book Reviews
Urban woodlands 253
Land conservation 254
African–American gardens 255
